Arrival and departure times

In order to allow us sufficient time to clean the house between tenancies your tenancy commences at 4:00 pm on the first day of the tenancy. For the same reason we ask tenants to vacate and hand over the house to us by 10:00 am on the final day of the tenancy.

Warning and disclaimer of responsibility

Borde Basse is an old farmhouse and there are low ceilings and exposed beams indoors on which you may bang your head. Outdoors there is a pond and a swimming pool which could constitute a danger to unwary or adventurous children. We must stress that these and similar possibilities of accident and misadventure are at the tenants' risk and that we can take no responsibility for any damages that may occur from failure to exercise due care and attention in the supervision of children or in the use of the property. The swimming pools are fitted with alarms to conform with the current French government pool safety regulations. However we must stress that this does not reduce the need for parental vigilance and supervision.
